Pallet prices are quoted per pallet for a 2/3 working day service, most rates are subsidised and we may be able to get a better rate for 3 pallets plus. You do not need a forklift for pallet deliveries, as driver will deliver to door. All our pallets are sealed in black tape, if tampered with or have obvious damage please comment on delivery note. You have 3 working days to notify us in the unlikely event of missing or damaged items. We may need digital pictures to claim against couriers. Dependant on items ordered we regularly get between £750 and £900 goods value excluding VAT per pallet, we have reached £1400 (all small items). Large bulky items will mean lower value pallets.
